## **PARTNERING AND SINGLE SPONSORSHIP OPPORTUNITIES**

The SBP-BRiMS Conference seeks to attain international representation and participation from government, academic, and industry sectors, to help ensure that the best and the brightest from around the world are brought to the table to enhance cross-disciplinary conversation, and ultimately, advance the existing state-of-the-art. It is in its 21st year and continues to reach an ever widening military, government, academic, and industry community in the U.S. and internationally. Your organization can join this vibrant conference as a sponsor, participating in this growing and engaged community.

Partnering Sponsors will receive high-visibility at the conference in terms of logos appearing alongside the government sponsors on posters at the venue, the proceedings, the website, social media outlets, the conference app and opportunities to network with government sponsors.
